

SNAP&GO Set

Ideal for Frontline Officers to snap on and capture photos anywhere with a smartphone

The Snap&Go Set securely connects your smartphone with your Doculus Lumus® using a Quadlock® case. Professional ID document photography wherever you go.

- ✓ Includes a pre-adjusted Snap&Go Adapter and an individual smartphone case.
- ✓ Camera is orthogonally fixed above the Doculus Lumus® lens for distortion-free images.
- ✓ Just look through the lens of your DL using your smartphone camera. No app required.
- ✓ Easily upload or capture images directly within your police app.

Snap on & start documenting with your smartphone
